Qualifications

Teachers are considered qualified in a specific category if they:

- i) hold a specialized diploma or a specialized university certificate for the discipline concerned or has completed a specialization within a certified teacher training program;
- ii) hold a diploma which does not mention a specialty if it involves a homeroom teacher at the preschool or elementary level teaching groups of students other than those with handicaps, social maladjustments or learning difficulties;
- iii) hold a diploma for the secondary level, in whole or in part, which does not mention a specialty, if it involves the teaching of general education courses in one of the following disciplines: English, French, mathematics (first cycle), science (first cycle), human sciences and economics;
- iv) have at least one year of teaching experience on a full-time basis or the equivalent on a part-time basis in the discipline concerned within the last five years;
- v) are following or have followed a program of studies recognized for the subject concerned and has successfully completed 15 credits of specialization in the discipline concerned.
